

Ejike Augustus

Software Developer

Profile

Ejike Augustus Chukwudi is a goal-oriented, team-oriented, dedicated, and growth-oriented individual. Augustus holds a Bs.c in Accounting from the reputed Alex Ekwueme Federal University and is a motivated and results-oriented man.

I am a dynamic and creative software developer with more than three years of expertise in modular and object-oriented programming, website design/development, troubleshooting, and graphics design. I'm eager to assist your development team in order to contribute to the organization's and clients' growth. I also work for JFORCE-Jumia Nigeria as a sales representative and consultant.
